CURES AND COMFORT FOR THE BED-RIDDEN.
—BY—
Holloway's Ointment.

THIS wonderful Ointment acts like magic in relieving curing old sores, wounds, bad legs, ulcers and eruptions of the skin; when rubbed on the surface it penetrates and purifies each tissue on its passage, and exerts the most wholesome influence over the internal structures. It heals by cleansing all animal fluids with which it comes in contact, and thereby promotes a sound and permanent cure.

Gout and Rheumatism.

To sufferers from the racking pains of Rheumatism and Gout this ointment will prove invaluable. After fomentation with warm water the soothing action of this Ointment is most remarkable; it seems at once to lesson inflammation, ease pain, reduce the swelling, restore natural circulation, and expels the disease. For the above complaints Holloway's Ointment and Pills are infallible spe[cifics].

Diptheria, Bronchitis, Sore Throats, Coughs and Colds

[T]his class of diseases may be cured by well rubbing th[e] Ointment, three times a day, upon the throat, chest and back of the patient. It will soon penetrate and give immediate relief. In all stages of Influenza, Colds and Bronchitis, this treatment may be followed with efficiency

All Varieties of Skin Diseases, Scrofula and Scurvy.

This Ointment is a certain cure for Ringworm, Scurvy Scrofula or King's Evil, and the most inveterate skin diseases to which the human race is subject. They cannot be treated with a safer or more speedy remedy than Holloway's Ointment, assisted by his celebrated Pills, which act so powerfully on the constitution and so purify the blood that these disorders are completely eradicated from the system, and a lasting cure obtained

Dropsical Swellings.

Beware of this dangerous and stealthy complaint which frequently creeps upon us by slight squeamishness or trifling jaundice, of which little or no notice is taken until the legs begin to swell. The cause of the evil must be looked for in the liver and stomach, therefore set to work earnestly by taking Holloway's famous Pills according to the printed instructions and rubbing the Ointment very effectively over the pit of the stomach and right side where those organs lie. Most dropsical cases will readily yield to the combined influence of the Ointment and Pills.

Piles, Fistulas, and Internal Inflammation.

These complaints are most distressing to both body and mind, false delicacy concealing them from the knowledge of the most intimate friends. Persons suffer for years from Piles and similar complaints when they might use Holloway's Ointment with instant relief, and effect their own cure without the annoyance of explaining their ailment to anyone

Disorders of the Kidneys, Stone and Gravel.

Are immediately relieved and ultimately cured if this Ointment be well rubbed twice a day, into the small of the back, over the regions of the kidneys to which it will gradually penetrate and in almost every case give immediate relief; but perseverance will be necessary to effect a to rough cure.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs,	Cancers,	Scalds,
Bad Breasts,	Contracted and	Sore Nipples,
Burns,	Stiff Joints,	Sore Throats,
Bunions	Elephantiasis,	Skin Diseases
Bite of Moschetos and Sand Flies,	Fistulas,	Scurvy,

Chiego-foot,	Glandular Swellings,	Tumours,

LIQUOR CARBONIS DETERGENS
OR

Concentrated Alcoholic Solution of the Constituents of COAL TAR

[Extract from the Lancet, Dec. 22, 1866

LIQ. CARBONIS DETERGENS—We are very sceptical of the value of new remedies, and it was in a spirit of scepticism that we tried the liq. carbonis detergens. It is represented to be a concentrated alcoholic solution of the constituents of coal tar, and to contain all the active ingredients ... acid. The addition of water, with agitation, makes a durable emulsion, in which the tar remains in a state of fine suspension, almost equivalent to solution. Our therapeutical experience of the preparation is very satisfactory indeed. In our hands it has been a most effective agent in the case of various skin diseases, especially of the chronic eczematous class; and one case of psoriasis which had resisted all other kinds of treatment speedily got well under the application of the liq. carbonis detergens. We esteem it a very valuable addition to our list of skin remedies, and worthy of a very extended trial by the profession. In the above classes of disease, and in various others, such as fetid ulcers, etc., the preparation is put into the form of soap.

AYER'S
Sarsaparilla

FOR PURIFYING THE BLOOD,

And for the speedy cure of the following complaints:

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from anything. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that anything you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, ... and remain ever gratefully, Yours, ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

... 12th Sept., 1859, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous *Malignant Erysipelas* by large doses of the same; says he cures the common *Eruptions* by it constantly.

Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan, of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a *Goitre*—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases* of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhœa by it, and some where the complaint was caused by *ulceration* of the *uterus*. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes: "A dangerous *ovarian tumor* on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1859.

DR. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mercurial Disease*. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla steadily taken cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859.

DR. J. C. AYER: Sir, I have been afflicted with a painful chronic *Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an *affection of the Liver*, which destroyed my health. I tried everything, and everything failed to relieve me; and I have been a broken-down man for some years from no other cause than *derangement of the Liver*. My beloved pastor, ... try your Sarsaparilla, because he said he knew you, and anything you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to made a new man of me. I feel young ... good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. ... and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

Derangement of the Bowels, Liver and Stomach Complaints.

This medicine is so well known in every part of the world, and the cures effected by its use are so wonderful as to astonish every one. Its pre-eminence as a remedy for billious and liver complaints and derangements of the stomach and bowels, is no longer a matter of dispute or doubt. In these diseases the beneficial effects of Holloway's invaluable Pills are so permanent and extensive that the whole system is renovated, the organs of digestion strengthened, and full and easy assimilation promoted, so that both physical and moral energy are increased,

Determination of Blood to the Head.

This is generally occasioned by some irregularity of stomach and bowels, which, if not quickly attended to, frequently terminates fatally. A few doses of these famous Pills never fail to give tone to the stomach, regularity to the secretions, and purity to the fluids. Vertigo dimness of sight and other indications of approaching apoplexy, are entirely dissipated by a course of this admirable medicine.

The Female's Best Friend.

For all debilitating disorders peculiar to the sex and in every contingency perilous to the life of women, youthful or aged, married or single, this mild but speedy remedy is recommended with friendly earnestness. It will correct all functional derangements to which they are subject.

Scrofula and all Skin Diseases.

For all skin diseases, however inveterate, these medicines are a sovereign remedy. While the Pills act upon the blood, which they purify, the ointment passes through the pores of the skin, and cleanses every structure, as water saturates the soil or as salt penetrates meat. The whole physical machinery is thus rendered healthy, regular and vigorous

Coughs, Colds and Asthmas.

No medicine will cure colds of long duration or such as are settled upon the chest so quickly as these famous Pills. Even in cases where the first stage of asthmas has appeared these Pills may be relied on as a certain and never failing remedy, particularly if the Ointment be simultaneously well rubbed into the chest and throat night and morning.

Indigestion, Bilious Headache.

These complaints may sometimes be considered trifling but it should be borne in mind that by inattention and neglect, they often end most seriously. Give early thought to a deranged stomach take Holloway's Pills, rub ... over the pit of the stomach, and you will shortly perceive a change for the better in your digestion, spirits, appetite, strength and energy. The improvement, though it may be gradual will be thorough and lasting.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Female Irregularities	Scrofula King's Evil
Asthma	Fevers of all kinds	Sore Throats
Bilious Complaints	Fits	Stone and Gravel
Blotches on the Skin	Gout	Secondary Symptoms

TO ADVERTISERS.

Transient Advertisements must be paid for in advance to insure insertion.

TO AGENTS.

Settlements of accounts will be required monthly, or the supply of papers will be discontinued. The daily and weekly issues will be furnished at the lowest cash rates and no exception will in future be made to this rule.

We publish in another column a card from the whole of the passengers who arrived yesterday by the California from San Francisco, speaking in terms of the strongest condemnation of the character and condition of that vessel. If one half is only true of what is said about the cleanliness of the California, by the passengers with whom we have conversed upon the subject, it reflects severely upon the Company controlling the steam monopoly under which this colony has so long suffered. It is really disgraceful. We do not think anything we can add to the remonstrance of the card will have any influence upon men who set all laws of right and decency at defiance to accomplish their own designs of extortion the more speedily, but the case does seem to us to destroy the last hope of our ever receiving justice and fairness at their hands. The card comes appropriately at this time to strengthen the arguments lately presented to our readers, in favor of subsidizing some outside vessel. The only proposition that can be made in favor of our Government keeping on terms with the Halladay company, is that it would ensure regularity in the receipts of our mails and merchandize coming through San Francisco. We grant that to be a great consideration as we are now situated; but it is by no means equal to our greater necessities in this respect. If the fares are reduced so as to be placed within the means of people who may wish to come to this colony it can only be done by opposition. To establish this will cost some few hundred dollars per month more, probably, than that for which the Halladay Company will accept the mail subsidy. If opposition can be established this summer now is the time, for the passengers signing the card announce it as their fixed determination to support themselves, and to induce their friends to support, any opposition that may be placed on the line by which the Colony may obtain even partial justice. Whatever can be done by the public, conjointly with the Government, to secure this great boon, can be done better now than at any future period. Who of our citizens most interested will take the matter up with vigor?

Washington Territory.

From the "Seattle Intelligencer."

CHEN CHEONG, of the Seattle Cigar Manufactory, is turning out a large quantity of cigars.

GAMBLING.—The new city charter of Walla Walla prohibits all species of gambling, by providing that no licenses shall be issued to gambling houses, and affixing a high penalty for any offense against the ordinance. For this wise and judicious movement Walla Walla deserves encomiums of praise from all her western city neighbors.

GRATIFYING.—H L Yesler, Esq., has decided to immediately commence the erection of a new saw mill at Seattle. The building, which is to be 55 feet wide by 175 long, is to be located a short distance in front of the old structure.

LAUNCH.—Meigs and Gawley's new ship was launched at Port Madison on Thursday afternoon. About 20 minutes to 4 o'clock she glided most beautifully into the water, amid the cheers of the spectators, booming of cannon, etc. She is an elegant specimen of ship building, and her beautiful model elicited the admiration of those present. "Institution" is her name, of 650 tons measurement, and, we understand, is to be bark rigged.

WORKMEN are busily engaged at the Bellingham Bay Coal Mine, making all things ready previous to taking out coal. It has been decided to lay a double track down the incline to the old works, and we learn the work is being prosecuted with vigor.

ENCOURAGING—A splendid steamer is being built at Utsalady, by Messrs Grennan & Craney. In size she will compare favorably with the Anderson.

The *Gawley* went aground on Point Wilson on the evening of the 19th instant. It was thought she would get off without much difficulty.

IMMIGRANTS.—Report says one hundred passengers are coming to the Sound by the next trip of the California.

The Marsh troupe, lately performing at Victoria, left for China on the ship Mary last Wednesday. They gave a performance at Port Townsend on Monday evening.

LORD Hotham and Sir William Verner, Bart., are the only members of the House of Commons now living who were under fire at Waterloo.

SPECIAL TO THE DAILY BRITISH COLONIST

LAST NIGHT'S DESPATCHES.

Eastern States.

NEW YORK, May 25.—Latest Cretan advices say a battle was fought on the 4th April on the plains of Horaclian, three thousand Cretans repulsing a vastly superior number of Turks supported by regular Circassian cavalry. On the 6th the Cretans achieved another victory. Sixty thousand Cretan refugees are in Greece exposed to great misery. The Greek Government have spent $300,000 to save them from starvation.

CINCINNATI, May 23—Adams' Express was robbed of from $38,000 to $40,000 last night at Warsfield, on the Jeffersonville and Indianapolis railroad, by four men, who overpowered the messenger.

CHICAGO, 23.—In the Methodist general conference on Saturday Bishop Jones, a negro of the African conference, was present. He desired to unite with the Methodist Episcopal Church, if allowed to do so, on terms of perfect equality. He represented some 960 ministers of thirteen annual conferences. The Methodist confer- [illegible] consider the proposition.

California.

SAN FIANCISCO, May 25—Arrived May 23, bark Camden, 11 days from Port Ludlow; bark Huntsville, 12 days from Seattle; barks Entino and Emma Augusta, 8 days from Port Madison; barkentine Victor, 12 days from Nanaimo.

Sailed May 23, bark Onward, Victoria.

SAN FRANCISCO, May 26.—The British Benevolent Society had a grand dinner yesterday in honor of the Queen's birthday.

Sailed May 26, ship Aureola, Port Townsend.

No Eastern news to-day.

Europe.

BERLIN, May 23.—The Zolverein Diet had adjourned. The session was closed by King William of Prussia, who made the customary speech, in which he said he hoped the results of the session would strengthen the sentiments of mutual trust between the people of the various States of the Confederation. He hoped that the prejudices which have been excited in portions of the country might be abated, and so prove that Germans, though apart in some interests, were one people in warm, brotherly feeling. The King closed by saying the rights entrusted to him by Germany would be earnestly exercised as his highest rule of action.

LONDON, May 23—In the House of Commons Disraeli moved a vote of thanks to the commander of the Abyssynian expedition. Reardon, member for Aithlone, gave notice that he would propose the following question to Government: If the health of the Queen be such as to detain Her Majesty from London why do not the Ministry advise her abdication? The question was ruled out of order.

Advices from Sydney, in anticipation of the overland mail, say Prince Alfred had left for England in command of his ship, the Galatea. He was well. The attempted assassin of the Prince was executed on 22d of April. Official despatches from General Napier received to day say the army has reached the seaboard, and will soon embark for England. A portion of the native infantry had then already sailed for Bombay.

LONDON, May 24—The efforts to prove an *alibi* in the case of Barrett, the Clerkenwell conspirator, failed, and his execution will take place at the expiration of the week for which he is respited.

"THE LIFE OF THE FLESH IS IN THE BLOOD," was said by inspiration long before Harvey's discovery of its circulation had brought to light its purposes and uses. How we know not only that "life is in the blood," but that disease inhabits it also. Many of the disorders that pervade the human frame, have their home in it, thrive and grow in it. The celebrated Dr. J. C. Ayers, of Lowell, has had regard to this important fact in making a Remedy to cure these disorders. His Extract of Sarsaparilla purges out the impurities of the blood and induces a healthy action in it that expels disease. This looks reasonable, and it is true, for we know by our own experience. Seldom as we taken any medicine, we have nevertheless several times been under obligations to the skill of Dr. Ayer for the relief which his remedies never fail to afford us when we are obliged to have recourse to them.—*Catholic Halifax, N. H.* *

HOLLOWAY'S OINTMENT AND PILL.—The Joys of Home.—How often does it happen that happiness is driven from our hearths by illness?—sickness and sorrow are constant companions: though in most cases their tenure is short when Holloway's remedies are used to dispossess them. These medicaments can be confidently and heartily recommended to all invalids as the most easy, safe, and certain means of preserving all that is good, and casting out all that is corrupt, externally and internally. They are universally applicable by both sexes in every disease. Holloway's medicaments do not deteriorate by being kept, now are their properties changed by climate; they can be purchased everywhere, and the price at which they are sold is moderate.

A CARD TO JESSE HALLADAY.

WE THE UNDERSIGNED PASSENGERS on board the apology for a steamboat called the California, from San Francisco to Victoria, V. I.

Have much pleasure in giving this public expression of our satisfaction with the vigilance and attention of her Commander, Capt. Winsor, and with the urbanity of the officers generally, but we also deem it a duty to ourselves and to the public generally to proclaim to the world the shameful absence of almost every convenience on board the said ship, not only for those who suffer from seasickness, but even for those in the enjoyment of health, and that the vessel abandoned, as she must have been, with her foul bottom, leaky deck, and incapacity for resisting a head sea, is a disgrace to any steamboat company, and totally unfit for passengers to travel on

We therefore pledge ourselves to support and to induce our friends to support any opposition boat that may be placed on the line unless the California, Oregon and Mexico S. S. Co. will provide such boats as will afford the speed and accommodation we have a right to expect. Seven days, within a few hours, were consumed by the passage, though meeting with no really bad weather.

The Queen's Birthday.

THE RACES.

The annual races which are held on the 24th came off on Monday the 25th, in consequence of the Queen's birthday falling on Sunday. The races on Beacon Hill were the most largely and generally attended of any which have hitherto taken place on Vancouver Island, over 1,500 persons being present. The day was fine and pleasant. Mrs Seymour, Admiral Hastings, Chief Justice Needham, Sir James Douglas, the officers of the Fleet, and all the leading officials and families, were amongst those who were on the course. We regret that His Excellency was unable, from illness, to be present. The following are the races in the order in which they were run: *Trial Stakes* of $5, with $50 added, for horses that had been used as hacks or in harness—11 stone, 1 mile distance. Mr T Harris' Royal Bill, 1; Mr Gerow's Royal Charlie, 2; Mr Drake's Marquis, 3; Howard's *Cafe au Lait* bolted. *Queen's Plate* of $100, added to a sweepstakes of $20 each, twice around the course or two miles distance. This was the poorest race of the day, when it should have been the best. But one of the three horses started got in at the winning post. It was won easily by Williams Volreece. Emigrant Dick, owned by Mr Hugh Walters, and Mr Snyder's Prince of Wales, were the other two. The former by training would have made better running. *The Navy Plate* of $40, added to a sweepstakes of $3; ridden by Naval officers, distance as in first race. Lieut Hastings' Old George was number one, beating Lieut Townshend's Joe Bowers by about three lengths. Mr Sebright Green's Roanoke being nowhere. *The Hurdle Race* was that of most interest during the day, but was unfortunately attended by two accidents, the riders of Marquis and g. g. Jim being thrown and injured slightly, while jumping. The riders were Mr Prevost and Mr Green. Stakes of $5 each, with $75 added. Distance two miles. Royal Bill was the winner of this race also; Lieut Brooke's Paddy was a good second; Mr Wigham's Jim came in third. *The Pony Race* of $2 each, with $25 added, for ponies under 14 hands, one mile, was the last of the programme and three horses started. Howard's *Cafe au Lait* won easily; betting odds were freely given on him provided he could be got off. Williams' Grey Billy was second, and Newton's Spot distanced. *The Scurry Stakes* of $1, with $20 added, finished the day's sport. Catch weights; winners of former races excluded. Nine horses got off well together, and by some error ran twice round the course instead of a race of one mile. Mr Vogel's Lucy was the winner. The officers of the day were—Stewards, Lieut Brooke, R N, M W T Drake and P H Clarke, Esqrs. Mr Clarke acted also as Judge and Starter. Clerks of the Course, Messrs Wigham, Callingham and Capt Clarke. We have to accord a meed of of praise to the Stewards of the race for the admirable time kept in getting the races over by the time specified in the bills of the day; but we could not help noticing as being very annoying the number of dogs continually running across the track. Not the least amusing part of the day's enjoyment was that derived from the drollery and music of a band of minstrels, *ala* Christy.

THE LATE DARCY MCGEE.—The Montreal *Herald* gives a lengthened description of the funeral of this lamented statesman. The city of Montreal, it is said, never before witnessed so imposing a ceremony of the kind, not that there have not been larger assemblages, but from the intense feeling that prevaded the multitude following the corpse to the grave. The sermon was preached by the Rev Father O'Farrell, from 1st book of Maccabees, chap IX ver 21. It was essentially a public funeral, attended by all Civil and Military orders, Government officials, and representatives of the Governor-General, and Lieut-Governors of Ontario and Quebec.

THE bark Onward sailed last Friday for this port with two hundred tons of freight. The schooner S D Baily sailed from San Francisco with a full cargo for this port on May 17th. Both are consigned to Millard and Beedy.

The Mechanics' Institute Excursion.

The occasion selected by the committee of this valuable institution, to pay a visit to H M S Zealous on Monday was well chosen and drew together a large number of our citizens who wished to see this noble vessel, and at the same time to contribute to the funds of the library. It must be gratifying to the committee to see the ready response made by the public, for by the time appointed the Enterprise was filled, perhaps not more than a dozen being left behind on the wharf. The company were received by the officers of the Zealous with the gentlemanly courtesy which has marked their conduct since their residence amongst us, and shown over the vessel without restriction to their movements. The party had the advantage of being on board at the time of firing the Royal salute of 21 guns, and to add to their enjoyment the excellent band of the ship was playing the whole time. The Enterprise, on leaving, steamed round the Sparrowhawk and Forward, which were loudly cheered in turn, and on again reaching the iron-clad, the huzzas were vociferous for the Queen, the Navy, and the officers of the Fleet. The friends of the library, no doubt, will be most gratified to learn that $150 at least will be made by the excursion over all expenses.

AN "UNPLEASANTNESS."—Yesterday morning, a personal collision occurred between Mr S. J. McCormick and Beriah Brown, editor of the *Herald*, growing out of a libellous article published in the *Herald* of Sunday morning. Mr McCormick had requested the publication of a note from Bishop [illegible] respecting the Indian affair. Brown declined to publish it, whereupon Mr McCormick proceeded to administer personal punishment. He was cut short, however, in this exercise, by the intervention of a deputy marshal and others. A complaint subsequently lodged before the Recorder, against Mr McCormick, for assault and battery, to which he pleaded guilty and was fined $50 and costs.—*Oregonian.*

FRACAS.—The person known as Mr C B Young, we are sorry to say, returned by the California yesterday. Perhaps it was only to chastise the proprietors of the COLONIST for some fancied grievance or other. At all events he rashly 'tried it on' yesterday afternoon on Wharf street, having first been guilty of an act illy becoming even Mr Young. It is said he didn't get the satisfaction sought; try again is a good old maxim. We hope Monitor's shots will not next time be confined merely to a miserable and rowdy attempt to scratch, gouge and pull hair, like any other old woman.

COLUMBIA SALMON.—It is stated that the firm of Hapgood, Hume & Co., of the salmon fishery near Oak Point, on the Columbia River, has already shipped eight hundred cases of canned salmon of this year's catch. Some time since mention was made of this fish meeting with a good sale in France Could not Mr Syme, of New Westminster, send some of the Fraser River salmon—acknowledged to be the best on our coast—there as well as to Australia.

REGATTA.—The judges have decided that the disputed race between the Spray and Alert is to be run over again. Next Friday week is the day appointed for the race. The Amateur, Phantom and Zealous will run again when decided upon by their respective crews. The two oared race was given in favor of the Fairy.

TEN DAYS TO NEW YORK.—By work already entered upon it is stated that the Union and Pacific Railroad Companies will have their rails laid, on or before January next, to points which will leave but 112 miles to complete the connection. This gap will be filled by stage inside of three day's time, so that we may reasonably hope to be able to make the distance between San Francisco and New York in ten days, by the first of January next.—*Stockton Gazette.*

COMMENCEMENT CITY.—We learn that the proprietors of Commencement City, on Puget Sound, have a number of men employed in cutting a road to intersect the main traveled road to Olympia. Another road will shortly be cut to the Puyallup Reservation. Since the location was made known, over 200 persons have visited the place with a view of determining its chances of future greatness.—*Portland Bulletin.*

BY the mail per steamship California, we received a printed statement from the Royal Geographical Society, of presentations to its Library from 24th February to 9th March 1868. Amongst the papers and maps thus presented we observed Mr Waddington's report on the "Geography of British Columbia in connection with the Overland Route. It will be published *in extenso* in the general vol. XXXVIII.

SING VERIN.—This society gave their last re union for the season on Monday night. They appropriately selected the occasion of the Queen's Birthday. In the absence of a race ball, or anything else of the kind to close the festivities which have been so successful, they drew together the right material to secure a pleasant evening. Dancing was kept up with vigor until daylight.

COLUMBIA RIVER.—For the last few days the Columbia has been rising rather rapidly and backing up the waters of the Willamette. Within the last twenty-four hours the river has risen not less than a foot, and the water is now but little below the wharves at the northern part of the city of Portland. It is not, however, anticipated that the rise will be as great as has been usual in past seasons.

MECHANIC'S INSTITUTE EXCURSION.—We are informed that the profits of the trip to H M S Zealous will realize at least $150 to the Library.

THE public will be pleased to learn that the condition of Captain Swanson last night was more favorable, although still very critical.

THE California arrived in harbor at six yesterday morning, after a tedious passage of nearly seven days, owing to head winds encountered, although there was no really bad weather. She brings about 180 tons of general freight and about forty passengers.

MR GRADY, Dentist, who spent last summer in the colony, has returned by the California with the purpose of making a permanent residence.

THE steamer Eliza Anderson arrived from the Sound yesterday. She had fourteen passengers, and live stock principally for freight. She left again this morning to make a second trip to New Westminster, having engaged to take 1000 sheep to the mainland.

NATIONAL DEBTS.—It has been generally stated of late in the American papers that the American debt is increasing, and that England now pays twenty millions less interest on her debt than the United States.

THE Mechanic's Institute of San Francisco, is making arrangements to hold its Sixth Industrial Exhibition in August next, in a building to be erected in Union Square in this city.

RECOVERING.—Sam Brannan, of San Francisco, who was shot by the squatters at Calistoga, has recovered. He was pretty well peppered with buckshot, and had a loud call.

THE amount of tobacco consumed in the United States during the last year was 13,000,000 pounds.

Melancholy Fate of a Famous Acrobat

A Harrisburg despatch of the Cincinnati *Times* of April 7th give the following particulars concerning the fate of Thomas Hanlon, the acrobat, whose death was announced by telegraph:

Thomas Hanlon, the gymnast who fell recently in Louisville, arrived here yesterday, insane, accompanied by two boys, whom he tried to kill, and then drown himself. He was finally arrested and lodged in jail, but was so boisterous that he was kept pacified at intervals with the greatest difficulty. Mr Simmons, the jailor, brought him his dinner on a pewter plate, which he seized, broke in two pieces, and attempted to cut his throat with the rough edge. Fearing he would hang himself on some iron hooks in the ceiling, the jailor moved him to another cell, where he beat a fellow prisoner. He was again removed, this time to a cell lined with boards and containing no furniture.

On the floor were iron heating pipes, with a large brass nut projecting at a jointure. When left alone in this cell he attempted to commit suicide by a method of which none but a gymnast would think. He sprang into the air about ten feet, and turning, came down with his head upon the brass projection. He repeated this terrible feat several times, and when assistance arrived he floor was covered with blood.

Six strong men were unable to hold him. He threw them off with the greatest ease, drove them out of the cell, and cut one over the eye and broke another one's nose. When his cell was cleared he repeated his horrible performance. His scalp was cut in a number of pieces and hung over his forehead and face.

Hanlon's strength now being to wane from great loss of blood. The physicians who arrived administered chloroform; he, still showing violence, was bound down to a bench in an insensible condition, handcuffed, and his wounds were dressed. The boys are kindly cared for.

This morning Hanlon's condition is considered critical. He foams at the mouth and is hopelessly insane. Drs. McArland and Kirkbridge have been summoned, and, by special treatment, may aid him to recover his senses, but he is so weak from loss of blood that he may die at any moment. His brothers in Indiana and Philadelphia has been telegraphed for.

THE CHEYENNE AND DENVER RAILROAD.—The Denver *News* says the contract for completing this road has been let to Messrs T C Durant and Sydney Dillon. The route which has been approved is from Cheyenne to the crossing of the Platte, near the mouth of Big Thompson, and thence on the east side of the river to Denvar.

A colony of three hundred Swedes propose to settle in California if satisfactory arrangements can be made.

THE CROPS.—Some of our farmers with whom we have conversed, assure us that the anticipations which have generally prevailed of an almost unprecentedly bountiful harvest may after all be experienced.

Sandy Bowers, one of the most widely known residents of Virginia City, died at his residence, Crown Point Ravine, Gold Hill, Nevada, on 21st April. He was an ignorant but lucky miner, and built a house near Lake Bigler (then called) said to have cost over $100 000.

The San Francisco *Spectator* estimates that the population of that city is one hundred and forty thousand, and increasing at the rate of a thousand a week.

VICTORIA RIFLE CORPS. — Position drill Tuesday and Friday at 8 p. m. By Order J. GORDON VINTEN, Lieut and Adjutant.

Proclamation!

Below is given the Proclamation declaring Victoria the Capital of the United Colony. There was no official ceremony used on the occasion, the Proclamation being posted at the High Sheriff's office and other public places in the city.

By His Excellency FREDERICK SEYMOUR, Esquire, Governor and Commander-in-Chief in and over the Colony of British Columbia and its Dependencies, Vice-Admiral and Ordinary of the same, &c.

WHEREAS, under and by virtue of a Proclamation, made and issued on the Fourteenth day of February, One thousand eight hundred and fifty-nine, the site of the present City of New Westminster was laid out as the Capital of the Colony of British Columbia as then defined and existing;

And, whereas, under and by virtue of an Act of Parliament, made and passed in the 29th and 30th years of the Reign of Her Majesty Queen Victoria, intituled "The British Columbia Act, 1866," and the Proclamation thereof made by the Governor of British Columbia, upon the nineteenth day November, One thousand eight hundred and sixty-six, the formerly separate Colony of Vancouver Island and its Dependencies was united with the formerly separate Colony of British Columbia and its Dependencies, under the name of the Colony of British Columbia:

And, whereas, it is expedient to declare the Capital and Seat of Government of the said United Colony;

Now KNOW YE, and I do hereby proclaim and declare as follows:—

From and after the date hereof, and until otherwise appointed by Her said Majesty Queen Victoria, Her Heirs and Successors, the City of Victoria, in the Colony of British Columbia, shall be and be deemed for all purposes whatsoever the Capital and Seat of Government of the United Colony of British Columbia.

Given under my hand and the Public Seal of the Colony of British Columbia at Government House, Victoria, in the said Colony, this Twenty-fifth day of May, in the year of Our Lord One thousand eight hundred and sixty-eight, and in the 31st year of Her Majesty's Reign.

By Command.

WILLIAM A. G. YOUNG.

GOD SAVE THE QUEEN.

THE BRITISH GOVERNMENT AND THE DOMINION.—The Hon Joseph Howe, Repeal delegate from Nova Scotia, to England, has had an interview with the Colonial Secretary in London who replied to Mr Howe's request for the dissolution of the union so that Nova Scotia might be left out, that a union of the provinces is the policy of the British Government, and that the Crown will not, on the representations of Mr Howe and the other delegates, reverse the deliberate and well considered act of union. He remarked that the question of repeal had not been submitted to the Upper House of the Nova Scotia Legislature, but the members of that House are the nominees of the Crown, and of course would have voted as the Government directed them and not as the people desired. The people of Nova Scotia have solemnly declared that they will not stay in the Dominion. The British Government say that they shall not go out.

French Medicines,

PREPARED BY

GRIMAULT & CO.

Chemists to H.I.P. Prince Napoleon,

PARIS.

These different medicines represent the most recent medical discoveries, founded on the principles of Chemistry and Therapeutics. They must not be confounded with secret or quack medicines, as their names sufficiently indicate their composition; a circumstance which has caused them to be appreciated and prescribed by the Faculty in the whole world. They widely differ from those numerous medicines advertised in the public papers as able to cure every possible disease, as they are applicable only to but a very few complaints. The most stringent laws exist in France with regard to the sale of medical preparations, and only those which have undergone an examination by the **Academy of Medicine** and have been proved efficacious, either in the hospitals or in the practice of the first medicalmen, are authorised by the Government. This fact must be a guarantee for the excellence of **Messrs. Grimault et Co.'s** Medicines.

NO MORE COD LIVER OIL!

Grimault's Syrup of Iodized Horse Radish.

This medicine has been administered with the utmost success in the Hospitals of Paris. It is a perfect substitute for Cod Liver Oil, and has been found most beneficial in **Diseases of the Chest, Scrofula, Lymphatic Disorders, Green Sickness, Muscular Atony, and Loss of Appetite.** It regenerates the constitution in purifying the blood, it being the most powerful depurgative known. It has also been applied with happy results in **Diseases o the Skin.** Further, it will be found to be of great benefit to young children subject to **Humors** and **Obstructions of the Glands.**

CONSUMPTION CURED!

Grimault's Syrup of Hypophosphite of Lime.

This new medicine is considered to be a sovereign remedy in case of **Phthisis** and other **Diseases of the Lungs.** It promptly removes the most serious symptoms. The cough is relieved, night perspirations cease and the patient is rapidly restored to health.

N.B.—Be sure to see that the signature of **Grimault & Co,** is affixed to the bottle, as this Syrup is liable to imitations.
